Steamer Cabinet

Description: Allstrong Chinese Wok Range + Steamer Cabinet Range is a high-efficiency commercial steaming system designed around a traditional high-output range. At its core, the system utilizes a dedicated water pot mounted above the burner, where high thermal output rapidly heats the water to generate a continuous supply of steam. This steam is then channeled through a sealed transfer pipe and delivered directly into the steamer cabinet, ensuring stable steam volume and consistent cooking performance.

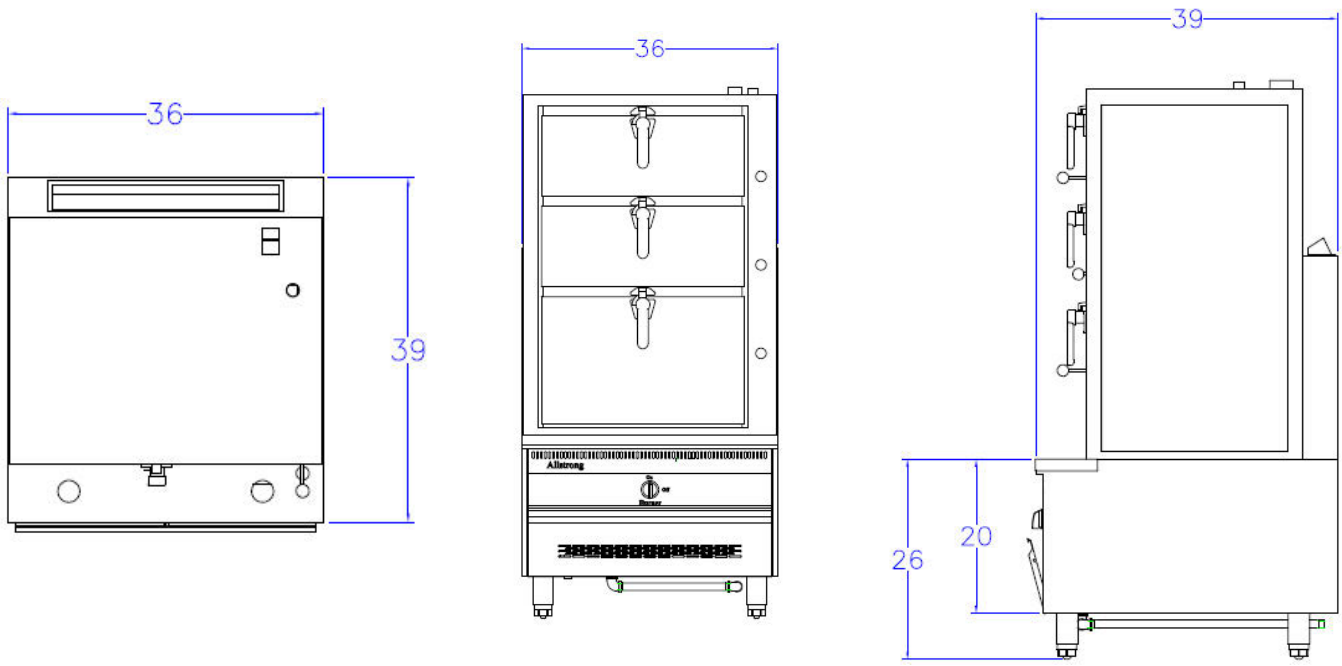

Specifications:

* Strongly Built with Stainless Steel #304
* Equipped 3 Compartments with Doors. Each Compartment clearance is:
  Upper Compartment – 26"(L) x 24"(D) x 8-1/2"(H) interior dimension
  Middle Compartment – 26"(L) x 24"(D) x 8-1/2"(H) interior dimension
  Bottom Compartment – 26"(L) x 24"(D) x 13"(H) interior dimension
* Each Compartment has individual Steam Vent on/off Control.
* Unique designed with Removable Cabinet for Convenience Services.
* Automatic Control Water Level by Floating Ball Control Valve which is located in front panel.
* 32 Tips Jet Burner with 140,000 BTU output.
* Overall Dimensions: 36"(L) x 39" x 72"(H); Steam Cabinet Height is 48"(H)
* Available for Natural Gas or Propane Gas.
* 3/4" Gas Regulator included.
* 90 days limited Warranty on Parts only.
* Wok Range is NSF & CSA Listing in Standard 4 Cabinet is NSF Listing in Standard 2

Optional Feature:

* Motorized Pre-mix Gas Burner to enhance the output to 160,000 BTU, and combustion noise reduced
