Product#Dimsum/Dumpling Range

Wok Range
+
Dimsum/Dumpling Pot

Allstrong ARE Series–for high-volume dimsum/dumpling cooking, with rapid water recovery for nonstop service.

Descriptions:

Allstrong Chinese Wok Range + Dimsum/Dumpling Pot system integrates a high-BTU commercial range with a large-capacity stainless-steel dumpling boiling pot. The pot is directly heated by the range burner, allowing rapid water temperature recovery and continuous production during peak service periods. The system is designed for high-volume dumpling cooking operations including boiled dumplings, wontons, noodles, and blanching applications. Optional perforated baskets improve batch handling efficiency and product consistency.

Specifications:

* Strongly Built with Stainless Steel #304
* Water Auto Refill System
* Equipped with One (1) Water Pot and One (1) 4 Holes Plate.
* 23/32 Tips Jet Burner with 130,000/140,000 BTU/Hr output.
* Overall Dimension: 32"(L) x 39" x 60"(H).
* Available for Natural Gas and Propane Gas.
* 3/4" Gas Regulator.
* 90 Days Limited Warranty on Parts only.
* Custom Made Sizes Available.
* Wok Range is NSF & CSA Listing in Standard 4.
* Dumpling Accessories are NSF Listing in Standard 2

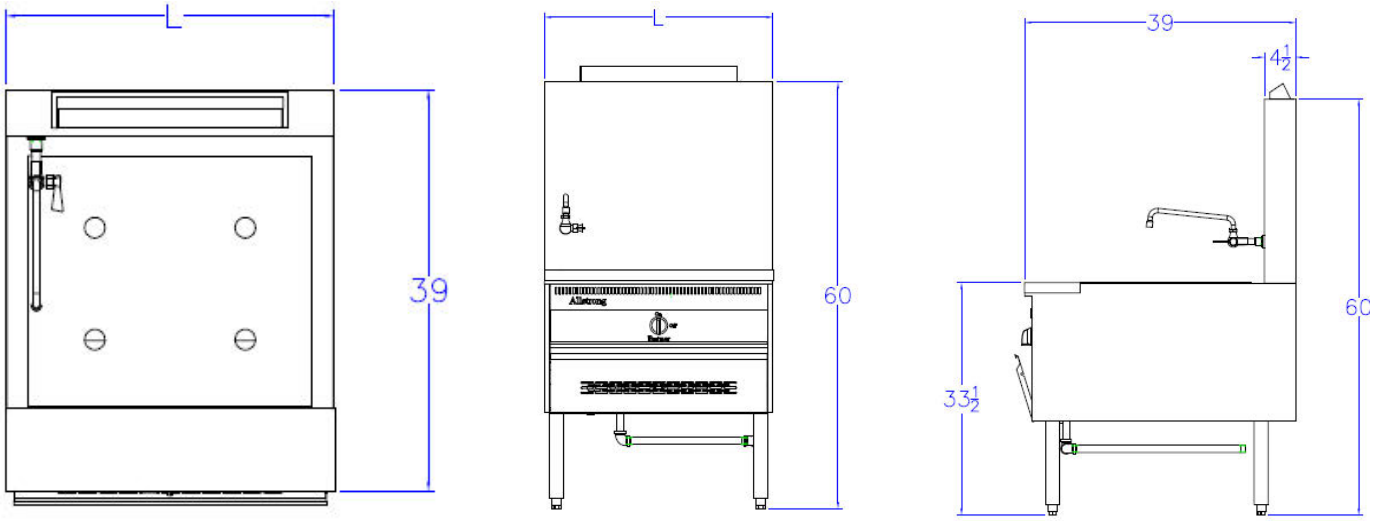

Optional Feature:

* Motorized Pre-mix Gas Burner to enhance the output to 160,000 BTU, and combustion noise reduced
